

# IPC Course

## (IFR and VFR pilots welcome)

Offered bi-monthly (or on demand) Must CALL to Register [631-588-5400](tel:631-588-5400)

Class includes eight hours ground instruction, simulator and flight as required.

The content of the course will address:

- pilot deviations
- accident causal factors and their mitigations
- flight planning & facets of IFR procedures

### FLIGHT-SIMULATION

- aircraft control techniques and reference to both Electronic Primary Flight Display and Navigation display, as well as the traditional flight instruments
- knowledge of GPS and GPS Wide Area Augmentation System (WAAS)
- risks of SVFR operations, weather, icing
- FAA regulations, approaches and much more

The texts for the course will be: FAA Instrument Flying Handbook, Advanced Avionics Handbook, Pilot Handbook of Aeronautical Knowledge, Risk Management Handbook, Instrument Procedures Handbook, and The Aeronautical Information Manual. You can download all texts: [www.faa.gov/regulations\\_policies/handbooks\\_manuals/](http://www.faa.gov/regulations_policies/handbooks_manuals/)

For Full IPC endorsement, if not IFR current, you will need a “circle to land” flight.

To extend to include BFR sign off, additional flight/ground time will be required.

For IPC endorsement OR BFR, Class rate includes up to .6 hr CFI time. Mid Island aircraft may be rented for a 25% discount (up to two hours).

Max 4 people for full class (Min 2) \$450. **Ask about our Command Pilot Program discount.**

**Facilitated By Joe Foresto, ATP, ME, ASEL, CFI, CFII, AGI**
