

Turn your party into an adventure—an aero adventure. **AeroParty** offers both youth and adult groups a fun, wholesome experience with an aviation and aerospace theme. Your guests will be entertained at your local airport/heliport while celebrating a special event like a birthday or special milestone.

As part of the experience, party goers receive some great education. Actually flying in a plane can be a great add-on based on your situation and budget. Of course, flying is optional.

As a member of the Flight School Association of North America, our flight school is pleased to be able to offer you the AeroParty program. AeroParties are fun and rewarding for everybody.
